Transcripts & Credit Transfer

If you officially registered for your SU course through Project Advance you are eligible to request an SU transcript and attempt to have your credits transferred. While Project Advance cannot guarantee that your credits will be accepted by another college or university, 90% of our former students report receiving credit recognition of some kind. For additional information please click on links for <u>Credit Transfer FAQ</u> and <u>Credit Transfer Flyer</u>.

Ordering Your Syracuse University Transcript

Syracuse University partners with Parchment to order and deliver official university transcripts.

*FORMER STUDENTS: if you are not currently enrolled in a SU course, skip to Step 2. If you are currently enrolled in an SU course, proceed with Step 1

1. Confirm that your grade has been posted by your high school instructor after completion of the course. *If you do not wait until your grade is officially posted, you transcript will be blank.*

About Parchment

The Office of the Registrar has implemented a new electronic transcript request and fulfillment process that offers advanced security features and improved efficiency and speed. Requests can be made online 24/7, and you will have access to real-time, end-to-end tracking that shows when the transcript request was fulfilled and when it is received. As a result of the new process, average transcript delivery will be within hours of the request. Transcripts will be provided at a charge of \$12, which helps cover the cost of the added security and other enhanced features of the new system. Requests for electronic copies do not carry an additional charge. However, there is an additional charge of \$2.50 for U.S. domestic delivery and \$5 for international delivery for paper transcripts.

Microsoft Multifactor Authentication (MFA) for MySlice

MFA is an added verification step during authentication that helps to prevent the unauthorized use of NetIDs and passwords by ensuring that only the account owners themselves can access their account. Members of the Project Advance community who use online systems like MySlice will need to set up an authentication method to log into these systems moving forward.

<u>See the Syracuse University "Answers" Page linked HERE for the</u> <u>full MFA process for Project Advance students</u>
