

Syracuse University Project Advance

MAT 414 Prerequisite Fulfillment Form

Prior to enrolling in the Syracuse University MAT 414 Introduction to Ordinary Differential Equation course offered through Project Advance, the student must meet the Math Department prerequisite fulfillment.

This form documents (upon completion by the SUPA Adjunct Instructor) that the prerequisite has been fulfilled. Please note that the required documentation must be provided and attached to this form along with the signed registration form. No student will be eligible to register without this documentation.

I Certify that

Student Name High School

Has fulfilled the prerequisite requirements for MAT 414 by:

Earning a passing grade in MAT 397

Instructor Signature

Date
